CLASS GROUPS 2018:

The 2018 Class lists are drawn up at the end of the year. Teachers, in consultation with the Senior School Management team, allocate learners to classes for next year. Many factors and criteria are taken into consideration. It is a process that involves careful deliberation and placement. I cannot accommodate requests for children to be placed in certain classes with certain teachers as this sets a precedent and it is an unprofessional practice. It is also unfair on other children and parents at the school if some children are given preference. Teachers and class lists are presented at the end of the year in your final school report. *Thank you for your support and understanding.*
